

RC-CC1310 module

Board edge connectors

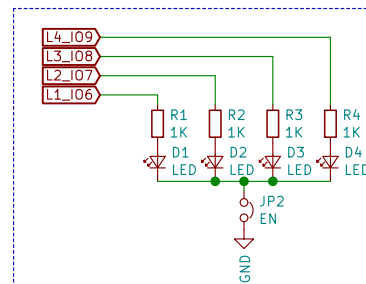

Module decoupling

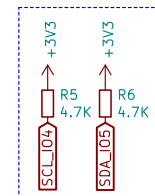

GPIO 3-4-5 (DI023-24-25)
have analog functionality

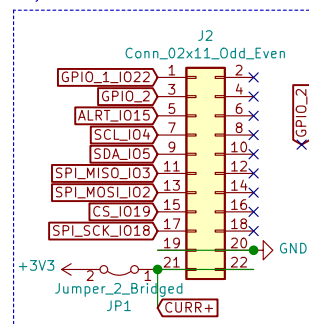

LEDs

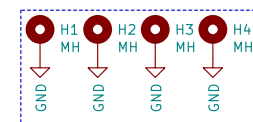

I2C pullups (DNM)

TinyVela connector

Hardware

42*42 mm spacing, M3

JP1 allows for current measuring
to the board when installed

Even-numbered pins 2-18
reserved for future use

TinyVela RF board RC-CC1310 based
